

6th International Mine Rescue Conference
October 5th -10th 2013, Niagara Falls, Ontario, Canada

Where Next for Self-Escape and Rescue?

David Brenkley and Robert Jozefowicz, Mines Rescue Service Limited, United Kingdom

(Presented by: David Brenkley, Mines Rescue Service Limited)

Speaker Profile:

David Brenkley has spent his career in the mining industry, primarily in a research capacity. He graduated in electronic engineering and worked at the Mining Research and Development Establishment (Bretby) of the National Coal Board (later British Coal Corporation). In 2001 he joined Mines Rescue Service Limited. Individual research interests within Mines Rescue Service have included mine evacuation issues, thermal physiology during escape, specialist communications and post-incident support technologies.
